## DOMINION ORDERS IN COUNCIL.

[2868.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 22nd day of October, 1912.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-GENERAL IN COUNCIL.

**THE** Acting Minister of the Interior, under date the 7th October, 1912, states that application has been made to the Department of the Interior by the Blue Mountains Refractories Company, Limited, of the City of Vancouver, in the Province of British Columbia, for permission to purchase the West Half of Section 1, the whole of Sections 2 and 3, and the easterly fifty-five chains of the South Half of Section 4, in Township 4, Range 4 west of the 7th meridian, in the said Province, for the purpose of manufacturing brick and other products of clay; also for permission to acquire the Fractional South-west Quarter of Section 2, Township 7, Range 26 west of the 6th meridian, containing an area of 144.75 acres, upon which to erect a glazing plant in connection with the manufacture of the clay products; together with a right-of-way along and through Sections 32, 33, and 34, in Township 3, Range 4 west of the 7th meridian, in the said Province, leading down to the Lillooet River, for the purpose of communication between that river and the tract first above described.

The Minister observes that an inspection of the lands applied for has been made by the Crown Timber Agent at New Westminster, who reported that they contain very little merchantable timber; that such timber as there is on the land is not more than would be required to carry on the business which it is proposed to establish; and that while the lands in question have in the past been examined by timber cruisers, no applications have been made for licences to cut timber thereon. It would appear also that the lands are precipitous and of little value for agricultural purposes.

The Minister is of the opinion—as the applicants express their willingness to establish an industry of some magnitude on these lands, which would otherwise seem to be of little value—that it would be in the public interest to favourably consider such application, and he recommends that he be authorized to reserve for the applicants the lands for which they have applied and to dispose of the same to them for the purpose mentioned at the rate of \$1 an acre, upon their complying with the following conditions:—

1. That the applicants shall erect upon the property first above described a plant of a capacity of at least fifty thousand bricks per week;

2. That such plant shall be in operation, and shall have actually produced not less than one million bricks, within three years from the date upon which the sale may be authorized;

3. The applicants shall, within three years from the date upon which the sale may be authorized, erect upon the Fractional South-west Quarter of Section 2, Township 7, Range 26 west of the 6th meridian, a glazing plant of a capacity and design suitable for the purpose and satisfactory to the Minister of the Interior, and shall commence actual operations in treating the clay products in such plant within the same period;

4. That until the above conditions have been complied with, and the patent for the lands in question issued, the applicants shall pay to the Crown the cost which may be incurred in properly guarding the merchantable timber in the vicinity from fire which may result from their operations;

5. That failure on the part of the applicants to comply with any of the conditions herein contained shall be followed by cancellation of the reservation and sale, and the forfeiture to the Crown of the amounts which may have been paid;

6. That the reservation and sale shall be subject to the rights of the Provincial Government of British Columbia in respect of the minerals which may be found to exist on or under the land;

7. That as soon as satisfactory evidence is furnished to show that the conditions herein contained

have been fully complied with, the purchase price at the rate of \$1 an acre paid, and the land surveyed, a patent be issued in favour of the applicants for the lands in question, reserving thereout and therefrom the mines and minerals and also the coal which may be found to exist on or under the land.

The Minister further states that the lands above described were previously allotted, under similar conditions to those herein contained, to one George H. Turner, by authority of an Order in Council dated the 27th of March, 1908; that Mr. Turner paid to the Department of the Interior the sum of \$1 per acre for the said lands before it was necessary for him to do so in accordance with the terms of the above Order in Council, and that Mr. Turner has requested the Department to allow the payment made by him for the lands in question to be applied on account of the purchase price by the present applicants.

The Minister, in view of all the circumstances, further recommends that he be authorized to apply to the payment of the lands in question the amount paid by Mr. Turner on account of such purchase price.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,

no14

Clerk of the Privy Council.

[2926]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 24th day of October, 1912.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-GENERAL IN COUNCIL.

THE Minister of the Interior states, under date 16th September, 1912, that the Ashcroft Water Electric and Improvement Company, of Ashcroft, B.C., has applied to purchase on irrigation conditions certain lands in Townships 20 and 21, Range 24 west of the 6th meridian, comprising an aggregate area of 3010.5 acres, more or less, and being the lands set out in the Schedule hereto attached, and to report:—

That the company has submitted to the Department of the Interior a comprehensive irrigation and storage project, involving the storage of water in three lakes in Provincial territory north of the Railway Belt; the said water to be released into the Bonaparte River and diverted at a point about twelve miles from the confluence of the Bonaparte and Thompson Rivers, and carried in a high-line canal to the Dominion lands applied for;

That the lands applied for have been inspected by the Agent of Dominion Lands, Kamloops, who reported that without the aid of irrigation the lands are valueless; that they have also been inspected by the Chief Engineer of the Railway Belt Hydrographic Survey, who reported that they are of an arid class, unsuited for homesteading or for agriculture without irrigation; that the successful development of these lands would be in the best interest of the district and country at large; that the intention of the Ashcroft Water Electric and Improvement Company is to develop these arid lands by a large, modern, and feasible irrigation system; and that the water-supply of the Bonaparte River seems to be sufficient for the irrigation needs of the said company.

The Minister therefore recommends that, in view of the above favourable reports, he be authorized to sell the Ashcroft Water Electric and Improvement Company the available portions of the Dominion lands set out in the Schedule hereto attached, on the following conditions:—

1. That the price of the land be \$1 per acre; a first payment of 25 cents per acre to be made upon notification of sale, and the balance of 75 cents per acre to be payable upon the completion of the irrigation scheme as set out in paragraphs 5 and 6 hereunder.

2. That the company shall obtain from the British Columbia authorities the necessary water rights for the said lands.

3. That the use, diversion, and storing of water, the construction and maintenance of all irrigation-works, dams, intakes, flumes, ditches, etc., shall

be in accordance with the provisions of the British Columbia "Water Act, 1909."

4. That the company shall construct an adequate and satisfactory irrigation system for the lands applied for from the Bonaparte River within three years.

5. That 50 per cent. of the irrigable portions of the said lands shall be irrigated and cultivated within three years, when the lands so irrigated will be patented upon the payment of 75 cents per acre.

6. That all the remaining irrigable portions of the said lands shall be irrigated and cultivated within five years when the lands so irrigated will be patented upon the payment of 75 cents per acre.

7. That no patent shall issue for any of the lands except upon their successful irrigation and cultivation to the satisfaction of the Minister of the Interior.

8. That the company's interest in the said Dominion lands shall not be transferred except with the knowledge and consent of the Minister of the Interior.

The Committee submit the same for approval.

Clerk of the Privy Council.
